Installation Guide Checkpoint VPN Client

Panduan Instalasi Client VPN Checkpoint

- Check for this icon in your task bar area on your bottom right corner. It should show “Check Point Endpoint Security” if pointed.

Periksa icon berikut di area task bar di area kanan bawah layar Anda. Apabila diarahkan mouse, seharusnya muncul tulisan “Check Point Endpoint Security”

- If the VPN client is not yet installed, please contact BHOSD team to arrange the installation

Apabila client VPN belum terinstall, mohon menghubungi tim BHOSD untuk instalasi

Endpoint Client Configuration
